### Course Description:

The EHMM course presented by AHMP-NJ has been updated to align with the 3<sup>rd</sup> Edition of the “*Hazardous Materials Management Desk Reference*” which is provided to attendees along with presentation materials. The HMM Desk Reference will be provided as a single device download copy.

The “Essentials” course is ideal for individuals new to the safety/hazardous materials field as it gives an overview of the tabulated topics while providing comprehensive details in the text. This approach also provides excellent preparation for those sitting for the CHMM certification exam and is a great refresher for experienced professionals in the field supporting recertification requirements.

The 3<sup>rd</sup> Edition of the “*Hazardous Materials Management Desk Reference*” has been

- Redesigned to better serve as a one-stop science, regulatory and management technical reference text
- Organized into three volumes to facilitate learning chapter content
- Expanded including new chapters adding to breadth of subject matter covered
- Enhanced to provide deeper understanding of existing chapter content
- Updated to reflect regulatory changes since the previous edition
- Provided with over 350 Review Questions with Answer Key
